

# CV for Douglas Abbott

Mr Douglas Abbott

6 Morborne Close

Peterborough

Cambs

PE28PH

## Education

Junior & Secondary schools in Peterborough UK

Peterborough Technical College.

## Employment

### 1960-1968

Apprenticed at Smith motors (Peterborough)

Gained City & Guilds in Motor vehicle Mechanics (MVM).

### 1968-1980

Perkins Engines

Prototype engine building, testing, installation into OEM equipment & field service work.

### 1980-1990

Work opportunity took me to Africa where I was employed as a Diesel technician on a large Copper mine (BCL) responsible for maintenance & repair of diesel powered mining equipment.

Botswana Power Corp (BPC) and had responsibility for maintaining the Rolls- Royce powered generators used in the rural towns.

## **1990-2009**

Rejoined Perkins Engines as a Help Desk technician. My role then changed to Service Executive initially looking after UK based distributors & customers, later I took Service Responsibility for Perkins Latin American Distributors & some OEM customers . When that role ceased due to an internal reorganisation, I was promoted and assumed Service Responsibility for Perkins Middle East & Asia Distributor network. These positions all involved fault diagnosis, on-site training, warranty adjudication, OEM, end-user visits & numerous other interventions as necessary.
